South View Middle School is a School of Choice providing instructional strategies that enhance students' Multiple Intelligences and foster higher achievement. Teachers focus their daily planning on creating opportunities for students to demonstrate their understanding in multiple ways because they value students' uniqueness.

The faculty and staff of South View Middle School proudly serve their students by practicing good citizenship, taking pride in themselves and their students, and demonstrating great interest in each child's education.

The students of South View Middle School work untiringly to reach their personal, intellectual, physical, social, and emotional growth goals. Students are motivated daily to attain the academic and educational foundations necessary for their future.

The staff and I are excited about the opportunity that we have before us. Our goal at South View Middle School is to provide excellence in education and to prepare our students to positively impact our community. As we invite you into the "Home of the Bobcats" where everyone's connected, we ask that you "Connect" with us as we celebrate success!

Terrence McAllister, Principal

No student or employee in the Cumberland County Schools shall, on the basis of age, sex, race, religion, national origin, marital status, or handicapping condition, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity.
