Date: February 16, 2022

Project: Cumberland County Schools  
**Rockfish Elementary School  
HVAC and Window Replacement**

We received one bid for the Re-Bid of Rockfish Elementary School HVAC and Window Replacement. The Base Bid submitted was well over the project budget without any concentration of the alternates. For this reason, the Owner has elected to reject the bid and cancel the project at this time. We will review bidding this project in the future.
