

Summer 2022 Credit Recovery Contract

Students enrolled in Edgenuity/Credit Recovery have the opportunity to earn credit for a course that they previously failed. If a student successfully completes The Edgenuity/Credit Recovery course, the transcript will reflect their original grade in the course, followed by a 'P' to indicate passing the credit recovery course. Students who are unsuccessful will receive an 'F' indicating failure of the credit recovery course. Credit Recovery courses are not calculated in the student's GPA. For additional information, please see CCS BOE Regulation 3420-R.

Credit Recovery and Athletics

Credit Recovery through Edgenuity is a program in which students have the opportunity to earn credit for a course that they have previously failed. If a student is successful in Edgenuity, the transcript will reflect their original grade in the course, followed by a "P" to indicate passing the credit recovery course. *Credit Recovery courses do not impact student GPA.*

Athletic Eligibility

In Cumberland County Schools, coursework and/or a numerical average in Credit Recovery cannot be used to calculate GPA for athletic eligibility purposes. The only way that Credit Recovery can impact athletic eligibility is in the case of promotion or grade placement. Under no circumstances will a numerical average in Credit Recovery be used to calculate student GPA for athletic eligibility.

NCAA Eligibility Center

If a student potentially needs to meet the NCAA Eligibility requirement for participation in college athletics, he/she should not be enrolled in Credit Recovery. This student must be enrolled in the full course with a highly qualified teacher. For more information about NCAA Eligibility, contact your school counselor.

Please read and initial the appropriate statement below.

_____ (Student initials) *I am a student-athlete. I have read and understand that taking Credit Recovery will not impact Grade Point Average (GPA) and will not be used as a factor when determining eligibility for athletics in Cumberland County Schools. Credit Recovery may only impact eligibility in the case of promotion and/or grade placement. Furthermore, I understand that participation in Credit Recovery may impact my ability to meet NCAA Eligibility requirements for college athletics.*

Edgenuity Student Expectations

New Edgenuity Students:

The Edgenuity Credit Recovery Program allows students to recover a credit for a course that *may not have been previously passed* and is *needed* to graduate. Student success in this program depends on willingness to complete the required lessons and adherence to the rules of the program.

Student Success Plan

1. Students agree to come to class prepared to work everyday.
2. Students understand that credit recovery courses are required to be completed within the semester in which the course is started.
3. Students understand that success in this program is dependent upon commitment to completion, to include an adequate amount of time spent working to reach weekly milestones.
4. Students agree to discuss academic needs with the facilitator.
5. Goals will be established for students each week. Students understand the expectation to meet these pre-established goals and failing to meet them may greatly impact the ability to successfully complete the course within the specified time frame.
6. Students understand that Credit Recovery is a course and just as in all others, it is the expectation that students obey all rules in the Code of Conduct. Continued violations could result in disciplinary actions including administrative dismissal from the Credit Recovery program.

The signatures below indicate that both my child and I understand what is expected as a participant in the Edgenuity Credit Recovery Program as well as the impact on both CCS athletic eligibility and NCAA Eligibility. We also understand that failure to comply with any of the expectations outlined above may result in removal from the program, resulting in placement in a regular classroom during a subsequent semester. Both my child and I understand the requirement that the course be 100% complete by the target end date. Courses may not extend beyond the semester end date.
