2021/2022

A Word from Mrs. Powell

As we move into the end of a calendar year and embark on a new one, it is my hope that your family will enjoy the many blessings of the season. Please be reminded that instruction begins at 8:30. Students need to be in their classrooms at 8:30. Help us set the example for their future by ensuring your child is on time.

Transportation Reminders

All transportation changes must be made in person or written in a letter. We can not take a change of transportation over the phone.

Students can not be assigned a bus if the address is not within a transportation radius.

Students can not ride a bus that is not assigned to them, no matter what the circumstances.

If the parents have not requested bus transportation at the beginning of the school year and would like to put their child on the bus, they have to request a change of transportation through Mr. Gillespie.

If any parents would like bus information, please contact the front office.
