3. COGNIA Survey

As you know, we are committed to improving our school by listening and responding to your suggestions. As part of the district's continuous improvement efforts, our school is participating in the accreditation process with the accrediting body Cognia to learn more about the quality of our school's programs. Help us understand how well we are meeting the needs of your child by participating in a brief family engagement survey! Your feedback will help us identify areas of strength and opportunities to elevate the quality of our school. This anonymous survey will only take a few minutes to complete. Visit our school website to complete the survey. You have until January 27, 2023, to respond, so don't wait! Thank you for your continued support of our school.

Students and parents can register at that time on the CCS Driver Education website. If the student makes the class, a welcome email with a pay link will be emailed on Friday, January 13.
