

Be a part of something GREAT!

Join the Global Studies Academy @ Terry Sanford High School

Application window closes January 22, 2021

What is Global Studies

Global Studies is a 4-year high school program that provides college level courses at all grade levels. All students accepted into the program take a rigorous course load which includes AP and Honors level classes and courses at Fayetteville Community College. Students also complete volunteer hours yearly in an area of their choice.

Additionally, the program provides leadership opportunities with students being able to hold positions on its Global Council. This body provides insight into program activities, organizes yearly seminars and enrichment opportunities.

Global is a program housed within Terry Sanford High School, so students are part of the traditional 4-yr high school experience while also receiving college experience and hours. Terry Sanford is also home to the AP Capstone program in Cumberland County where students complete a two year Seminar/Research experience whereby they learn the “soft” skills universities and employers are seeking.
