

Hello and welcome! We are so excited to have you and your student (s) as part of our CCS family!

- There are several forms that must be completed for your child's safety and well being, and to ensure clear communication channels between the school/district and the family.
- These forms can be completed by hand, but the eCollect process in the PowerSchool parent portal offers an opportunity to complete them online, and update them online immediately, by the parent.
- Please note that the address change request form does require proper documentation and approval by the school.
- Also, if you have more than one student, instead of filling out a different complete packet for each student, there are multiple questions that can be answered for all students electronically at one time if their information is the same.
- You will also have access to review grades, attendance, and state test scores in a timely manner online.

Please see the steps on this link [Navigating Parent Portal Forms](#) and then sign in at <https://cumberland.powerschool.com/public/home.html> to complete the beginning of the year forms. If you do not already have a Parent Portal account, please contact your school to receive a parent portal letter in order to set up an account. [Navigating Parent Portal Forms](#)

Thank you and we hope you have a great year!
