Local NASA Ambassador Gives 5th Graders a Lesson in Parachuting

Stoney Point Elementary School Teacher Jean Pelezo and her students make plans to launch "Eggs-tronauts" from fire truck ladder

WHAT: 5th Graders Get a Space Science Lesson in Parachute Design & Drag

WHEN:

Wednesday, April 6, 2022
11:00 a.m. - 12:00 p.m.

Inclement weather date: Thursday, April 7, 2022

WHERE:

Stoney Point Elementary School
7411 Rockfish Road
Fayetteville, NC 28306

WHY:

To teach students the fundamentals of space science via parachute design, construction and testing by using eggs that are released from a fire truck ladder

ADDITIONAL INFORMATION:

INTERVIEW OPPORTUNITIES

Teacher Jean Pelezo, who was announced in November as an ambassador in the NASA/NC Space Grant Education Ambassador Program, is implementing concepts she has learned with her elementary school students.

Several 5th-grade students, who have been studying parachute design since the first of the year
